Report explanations

illion Trade Program

Trade references within this report are collected through the illion trade program. Companies participating in this program supply illion with their monthly debtors ledgers which are converted into individual trade references and added to the reports on a daily basis. Such references provide evidence of organisations payment habits and due to their objectivity are generally more accurate than those obtained from suppliers provided as references by the subject during the interview.

Note: In some instances, payment beyond terms can be the result of disputes over merchandise, lost invoices, etc. In certain industries such as the building and construction industry, slow payments may often be the norm. These circumstances should be given due consideration when interpreting the subject's payment habits.

Collection status description

Paid in full	Account paid in full - Closed
Partial Paid	Debt is partially paid
Legal Action	Account is in legal action
Dispute	Debtor is in dispute with creditor
Closed	Collection service ceased
In progress	Collection is in progress

Default status description

Outstanding	The payment is still outstanding
Paid in full	The whole account has been paid in full
Settled	Partial payment of the debt has been accepted by the creditor
